## Dedication

We the class of 1982 would like to express our appreciation to two very special people who have helped us through our four years at Shawnee. These two people are Mrs. Barbara Fuoco and Mr. Joe Parone. Throughout our four years of controversy, excitement, and apprehension Mrs. Fuoco and Mr. Parone became an integral part of both our challenges and our successes. With outstanding patience, our advisors stood by us through thick and thin. Slowly starting out, our class matured with the combination of encouragement and ideas that they gave us. Because they have never heard a word of praise or thanks for all their help, we would like to express it now — Thank you Mrs. Fuoco and Mr. Parone; we couldn't have done it without you!

## ***In Memory . . .***

Ray Stokes

Dec. 26, 1963 - Oct. 28, 1978

Ray Stokes was a person who will be remembered by all who knew him. He touched people's lives in a special way: son, brother, and true friend. Ray meant a lot to all of his friends and family. This is illustrated in a poem his sister, Caroline, wrote soon after his death.

I had a brother  
Who was like no other  
I loved him as such  
Now I miss him so much  
He was always there  
To love and care  
My brother Ray  
Died one day

We the Class of 1982 will always remember him.

## ***Special Dedication***

Crystal,

As we face the closing of our final year at Shawnee we would like to take this opportunity to express our hope and concern for you. Although you were unable to participate in many of our class activities, our thoughts were always with you. We truly admire your strength and courage and wish only the best for you in the future.

The Class of 1982

*It's My Turn*

by Diana Ross

I can't cover up my feelings in the name of love,  
Or play it safe, for awhile that was easy;  
And if living for myself is what I'm guilty of,  
Go on and sentence me, I'll still be free.

It's my turn to see what I can see,  
I Hope you'll understand, this time's just for me,  
Because it's my turn, with no apologies,  
I've given up the truth to those I've tried to please,

But now it's my turn;  
If I don't have all the answers,  
At least I know I'll take my share of chances.

Ain't no use in holdin' on when nothin' stays the same, —  
So I'll let it rain, 'cause the rain ain't  
gonna hurt me,  
And I'll let you go, 'though I know  
it won't be easy.

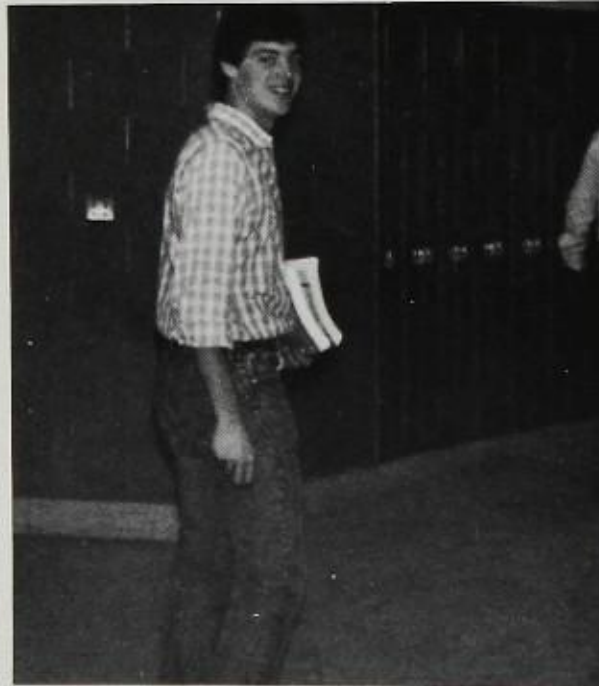

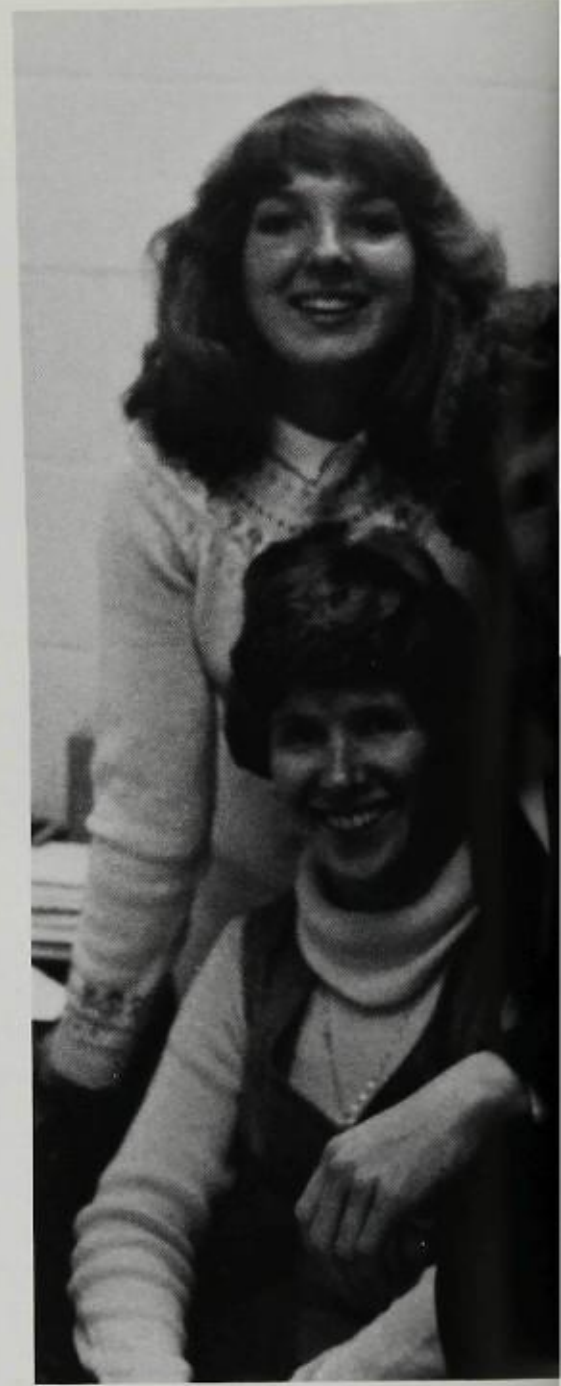

It's my turn with no more room for lies,  
For year's I've seen my life through  
someone else's eyes,  
And now it's my turn to try and find my way,  
And if I should get lost,  
At least I'll own today.  
It's my turn, yes, It's my turn.

It's my turn, to see what I can see,  
I hope you'll understand, this time's just for me.  
Because it's my turn to turn and say good-bye,  
I sure would like to know that you're still on my side,  
Because it's my turn, it's my turn.

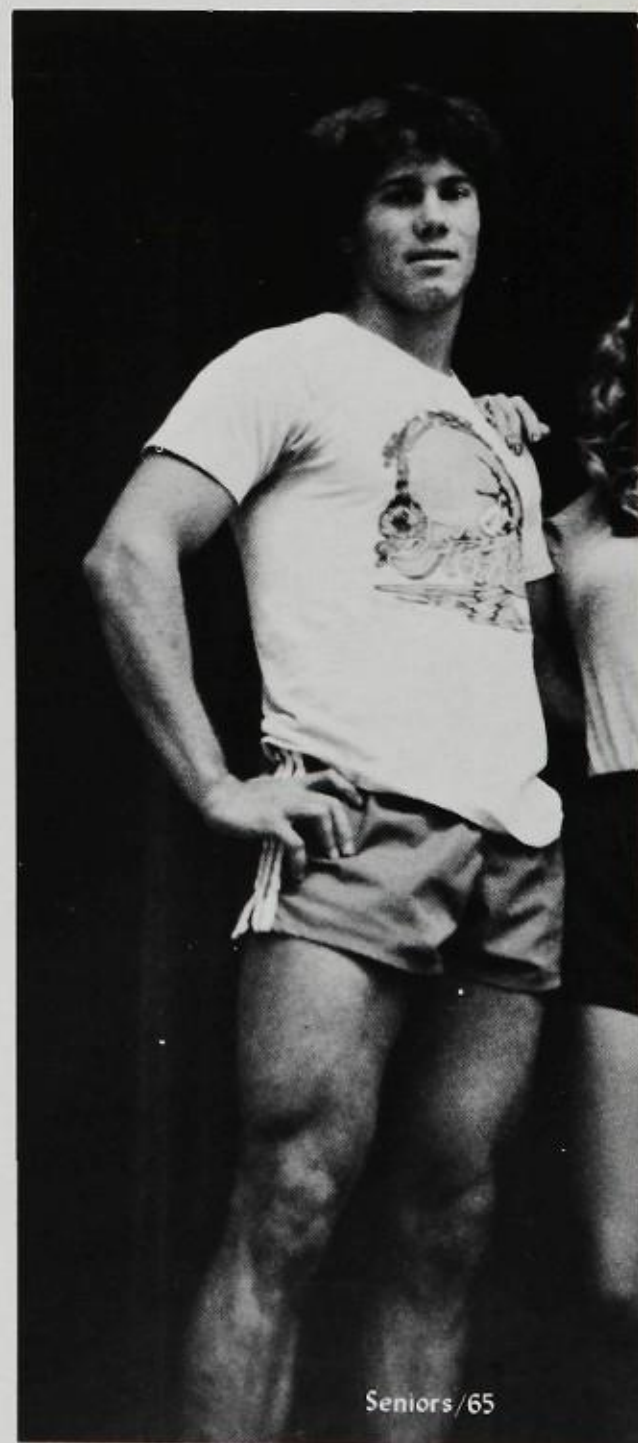

It's my turn to start from number one,  
Trying to undo some damage that's been done,  
And now it's my turn to reach and touch the sky;  
No one's gonna say, at least I didn't try.  
It's my turn, yes, It's my turn.  
It's my turn.

All South Jersey, Group 4: Mary Meyer  
Leslie King  
Amy Schmidlein

The varsity field hockey team is an exceptional group of girls. They practice daily and their playing is of top quality. The Shawnee team dominated the ball in most of the games because of their hardworking defense system, while the offense worked their way down the field to score. Amy Schmidlein, Shawnee's goalie, had fifteen shutouts during the season. All the girls have put forth a great deal of effort in order to achieve their goal, becoming the State Champs of Group 4. On November 23, their goal was realized. Ms. Schultz considered the state game to be their best. Another season has ended and a championship achieved through the superb coaching of Ms. Schultz.

Usually, the freshman team is comprised of boys who were on youth teams before getting to Shawnee. This year, however, the team had mostly first year wrestlers. Considering their inexperience, the team still managed a .500 record.

# *Boy's Varsity Basketball*

The boy's Varsity basketball team, coached by John Long and Ed Myer, got off to excellent start this year, winning their first seven games. From then on, they had their ups and downs, ending the season with 13 wins, 12 losses. No one expected them to do so well.

Only two players will be graduating: Bob Fish, who did exceptionally well at point guard, and Alan Schweickherdt, the 6-foot-5 inch center, who became the first player in Shawnee history ever to dunk during a game. The rest of the starting lineup will be returning next year.

You have each strived to graduate from high school with varying degrees of effort and achievement. You alone can measure in your own heart what you gave of yourself to the educative process and what you may have received in return.

It is now time for you to use your training to henceforth master those tasks you will ascribe to yourselves. Although the world is replete with a myriad of challenges, it can be mastered by those of you who will have first been capable of mastering yourselves.

We have, in all good faith, attempted to provide you with the background to begin the next phase of your life. We would be presumptuous to believe we could have given you all the answers for the future. We believe education is not only to make a living but also to make life worth living. Our hope is that we have, in some degree, succeeded in assisting you in taking that inevitable, yet necessary first step in search of your aspirations.

Our faith is with you in your quest for personal success, well-being, and happiness. Our dreams are that we will reflect in your glory and enjoy a better world through your designs.

SHAWNEE  
HIGH SCHOOL

To The Class of 1982

Senior trips, proms, yearbooks, and commencement exercises signal the end of an era in your life. But with the end of the era, commencement means the beginning of something new. For the past thirteen years you have been part of an educational program designed to equip you to take your place in the society in which you live. The education which you have received is not an end-all because in your lifetime it will be necessary for you to be retrained many times over because the technological world in which we live will require this of you. It is my sincere wish each of you acquire the skills, the intellectual desire and the willingness to work hard to become a competent, productive member of our democratic society.

Sincere best wishes.

The Yearbook Business Staff helps to finance the yearbook by selling advertisements to local businesses. Taking orders and collecting payments for the current edition are important functions during the year. In June, The distribution of yearbook is the final activity.

## Yearbook Business Staff

Pages of memories can best describe the yearbook of our school. Starting as early as the end of the previous school year, the advisors and new editors plan the lay-out and content of the yearbook. Then in September, as the classes, sports, and activities are in full swing, the staff begins to gather the photographs and copy that go into making the yearbook. Each member has a job to do, some very mundane, and some quite challenging. But everything that is done over the course of the year by each member of the staff helps create what is a fine example of high school publishing. Tecumseh has been a prize winning yearbook for the past two years after participating in the Columbia Scholastic Press Association National Competition. As time continues to pass us by, we can look back through these pages and reflect on what has been.

Mr. Wierzalis and Laura Fry examine a layout while Ceil King and Mrs. Decker prepare copy.

### The Hourglass of Life

The hourglass of fortune drops a grain of sand each day ...  
And means a fleeting moment in our lives has passed away ...  
Let's hope that in the time it took that tiny speck to land ...  
Each one of us accomplished something worthwhile that we'd planned.  
For though our days flow quickly on their journey into years ...  
We yet have time to use them ...  
If we conquer all our fears.

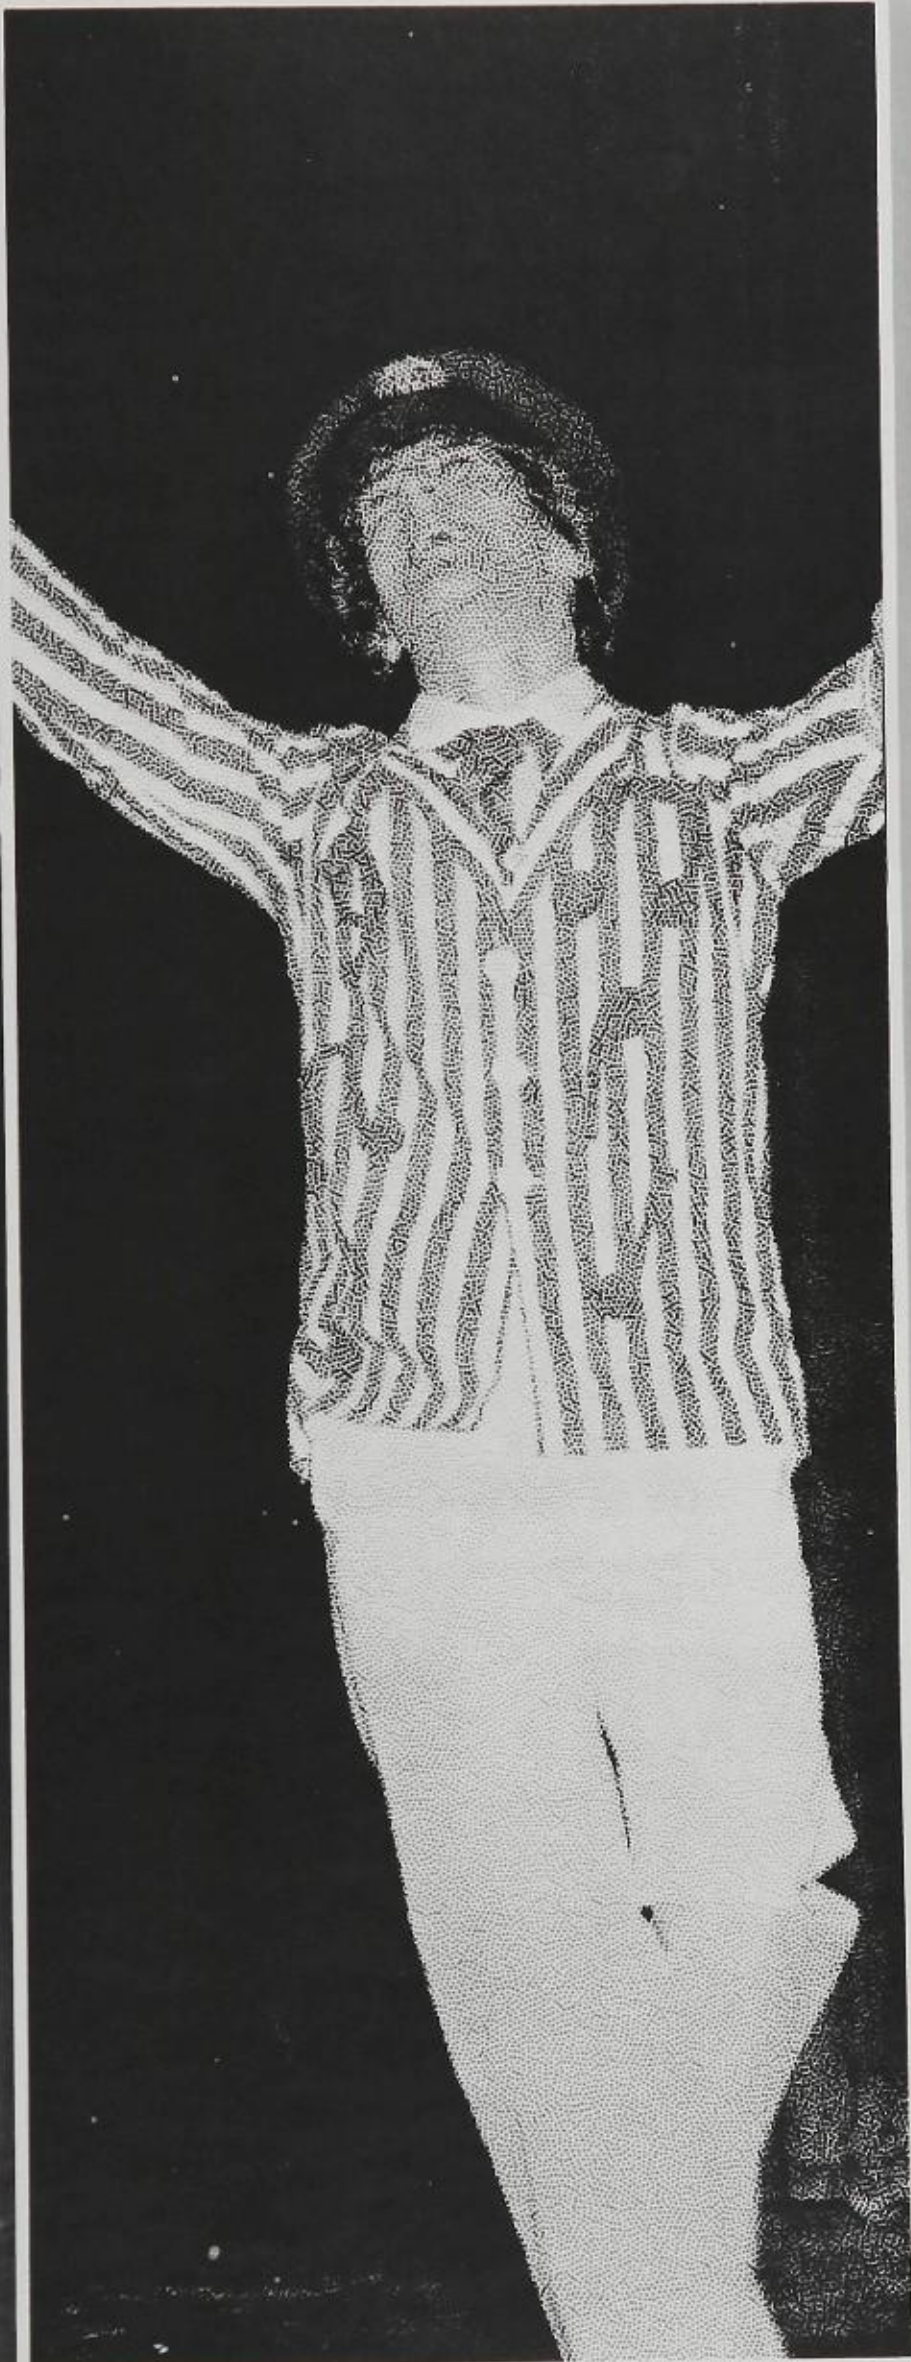

So many are the daydreams we have time to make come true ...  
So wondrous are life's pleasures lovely things to see and do ...  
And though it's in the scheme of things that time will swiftly flow ...  
Pray let us take the best of it ...  
Before we see it go.

Judy.

Have a fab summer!  
It was great having you in  
my Shakespeare class and in lunch.  
Don't forget Joe (the radical) and all of  
his papers. Or Tom and his perfect grades!  
Shakespeare was a blast! I never had a better  
class! Have a terrific summer and see ya next  
year when we're seniors! Yea!

Love,  
Karen

Judy, I'd write a whole book on the subject I could not  
tell you what a sweet, dear friend you have been. I could not  
I will feel you are with me always. I needed some body that  
I know now what a true friend is, and with you I have  
seen so many good things. You are more inspirational and  
leaving you I shall gain so much more understanding of  
of life. Yet we both have said that I know you enough  
is that we will never truly part. I have learned with you  
I will give, love and share. I now feel that I know with you  
I love you more than any other person in this world.  
Take care of those around you; love and forgive as  
much as you can. Praise God, for with God nothing shall be  
impossible. (Luke 1:37) Live long and healthy, and be of good cheer.  
I'll ever share the unity of the world by you as a friend  
until we come.

I'm really, really, really glad  
to know you! Always remember and  
never forget the great times we had. We'll  
go to the top pros with our great basketball

Remember E.T. (sniff) and the \$1.05 carnation!  
This summer will be a blast (oh-baby) wait

Darrin (p258)

Dear Judy,  
I am glad

Good luck! Love,  
Susan

Judy, I'm a fellow  
basketball star. This  
year was really  
interesting. I had a  
great time in gym  
and I wish I could  
have gone on the  
ski trip but that's  
life. Have a great  
summer and I'll  
see ya next year.
